

May is coming up quickly! You will find some dates below that are volunteer opportunities. Please pay special attention to May 18. We need lots of help to pull off our fun event. Please email me if you are interested.

### **Sunday, May 5**

**Program:** Make a Red-tailed Hawk

**Time:** 11:00 am to 12:00 pm

**Location:** Camper Services

**Details:** We will have a table set up inside or outside Camper Services to let people make a bird. It's a simple color and cut craft that will help people learn how to ID a red-tailed hawk. I will have all supplies ready for the volunteer(s) that would like to help me.

### **Saturday, May 18**

**Program:** Kids to Park Day

**Time:** 10:00 am to 1:00 pm

**Location:** Back parking lot at Limekiln Trailhead

**Details:** All hands on deck! We are hosting our annual event, Kids to Park Day. I have many fun stations planned for this day. I will list them below along with the number of people needed to man the stations.

- **Skins/Skulls Table:** 2 people – This is the classic skins/skulls table, you may set out what skulls and furs you are comfortable talking about. There is a brand new ID guide in the fur box that has fun facts and pictures. It can help you learn more or show the visitors pictures of the animal.
- **Info Table:** 3 people – this table will have our scavenger hunt to be picked up by the visitors and their prizes. It will also have our Friends of CMSP info and general park info.
- **Spot the Bird Self-Guided Hike:** 2 people total – 1 person roving the trail and 1 person checking out binoculars at the trailhead. I will hang pictures of bird species you can find in the park along the trail. A family may check out binoculars and locate the species. A master checklist will be provided at the table. The participants may take a picture of said checklist with their phones. (Let's save some trees!)
- **Buzzing Bees Craft:** 2 people – This is a simple, but fun craft that will mimic the sound of a flying bee.
- **Leave No Trace Table:** 1 person – We have a volunteer making a game for this table. It will challenge the public on their Leave No Trace skills! Bins will be placed at the table to allow people to pick up trash as they hike a throw away properly.

- **Bird Hurdles Obstacle Course:** 2-3 people – This game allows us humans to experience the trials birds face every day in the wild. From dodging cats to hopping habitats, this game will challenge our visitors' abilities to survive like our feathered friends.
- \*If you are not interested in manning a station, we will need help to set up and take down. Please let me know if you can help this day. It will be greatly appreciated!\*

**Saturday, May 26**

**Program:** Touch Table: Skins and Skulls

**Time:** 11:00 am to 1:00 pm

**Location:** Camper Services

**Details:** Who doesn't enjoy a classic skins/skulls table? We will set up in Camper Services. Setting up outside is an option if weather permits.
